

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims:

Claims 1-25 (Cancelled)

Claim 26 (Currently Amended). A device for delivering a liquid to a target structure, wherein the device comprises:

- a) an object holder, wherein said object holder is operably in contact with an object holder thermostat;
- b) a stretchable sheet disposed between said object holder and at least one rail;
- c) a duct, wherein said duct is defined by at least said object holder and said stretchable sheet, ~~and the at least one rail,~~

wherein said at least one rail is mounted on said stretchable sheet thereby cooperating with at least the stretchable sheet and the object holder to define ~~defining~~ the geometry of said duct, and

wherein said duct has a liquid inlet and a liquid outlet.

Claim 27 (Previously Submitted). The device of Claim 26, wherein the device is operably connected to a means for delivering a liquid to said duct, said means for delivering being selected from a plunger mechanism and a pump.

Claim 28 (Previously Submitted). The device of Claim 26, wherein said liquid outlet is operably connected to a discharge pump.

Claim 29 (Previously Submitted). The device of Claim 26, wherein said object holder thermostat comprises a Peltier element.

Claim 30 (Previously Submitted). The device of Claim 26, further comprising a vessel disposed to receive a liquid from said liquid outlet.

Claim 31 (Previously Submitted). The device of Claim 30, wherein said vessel is operably contacted with a vessel thermostat.

Claim 32 (Previously Submitted). The device of Claim 31, wherein said vessel thermostat comprises a Peltier element.

Claim 33 (Previously Submitted). The device of Claim 26, further comprising at least one stretchable strip disposed between said object holder and said stretchable sheet.

Claims 34 – 41 (Cancelled)
